Spanish 2
Unidad 8.1

Mi Rutina – Parte Uno

Paso 1: After learning your vocabulary for this lesson you will be making a minibook about your daily morning and evening routine.

Paso 2: In English (and in pencil) write a sentence on each page of your minibook that uses only reflexive verbs (verbs that end in –se). You will need to use at least 10 reflexive verbs so more than one will be needed in your sentences. Remember to mention BOTH morning and evening routines.

Paso 3: Start illustrating the sentences you wrote. You will need to draw AND label vocab words needed to complete those actions in your sentences. You should have a minimum of 7 vocab words illustrated and labeled throughout your book.

Paso 4: After learning how to conjugate reflexive verbs, you will translate your English sentences into Spanish making sure that your verbs are conjugated correctly and spelling and word order are correct.

Paso 5: Color and prepare to turn in. Upon completion, your book should demonstrate that you were creative and put forth effort.
